

Attrition Interactive Dashboard

This product was developed due to high demand for attrition analysis and the desire for individual customers to have customized products. I have provided three screen shots.

- This dashboard allows customers to customize what metrics that they need.
- This data is from a specified database and is shaped by a combination of R and SQL codes.
- The customer does not see the backend processing so it is a GUI output and the customer can pull the table and chart images directly from the outputs.
- The drop down menus are what allow the customer to specify targeted analysis.
- The data update automatically through scheduled back-end query runs.

Attrition Interactive Dashboard

Select filters for specific RFIs

Filter for all losses or for specific reasons

The outputs adjust based upon selection criteria. They include trends, categories, gender, grade

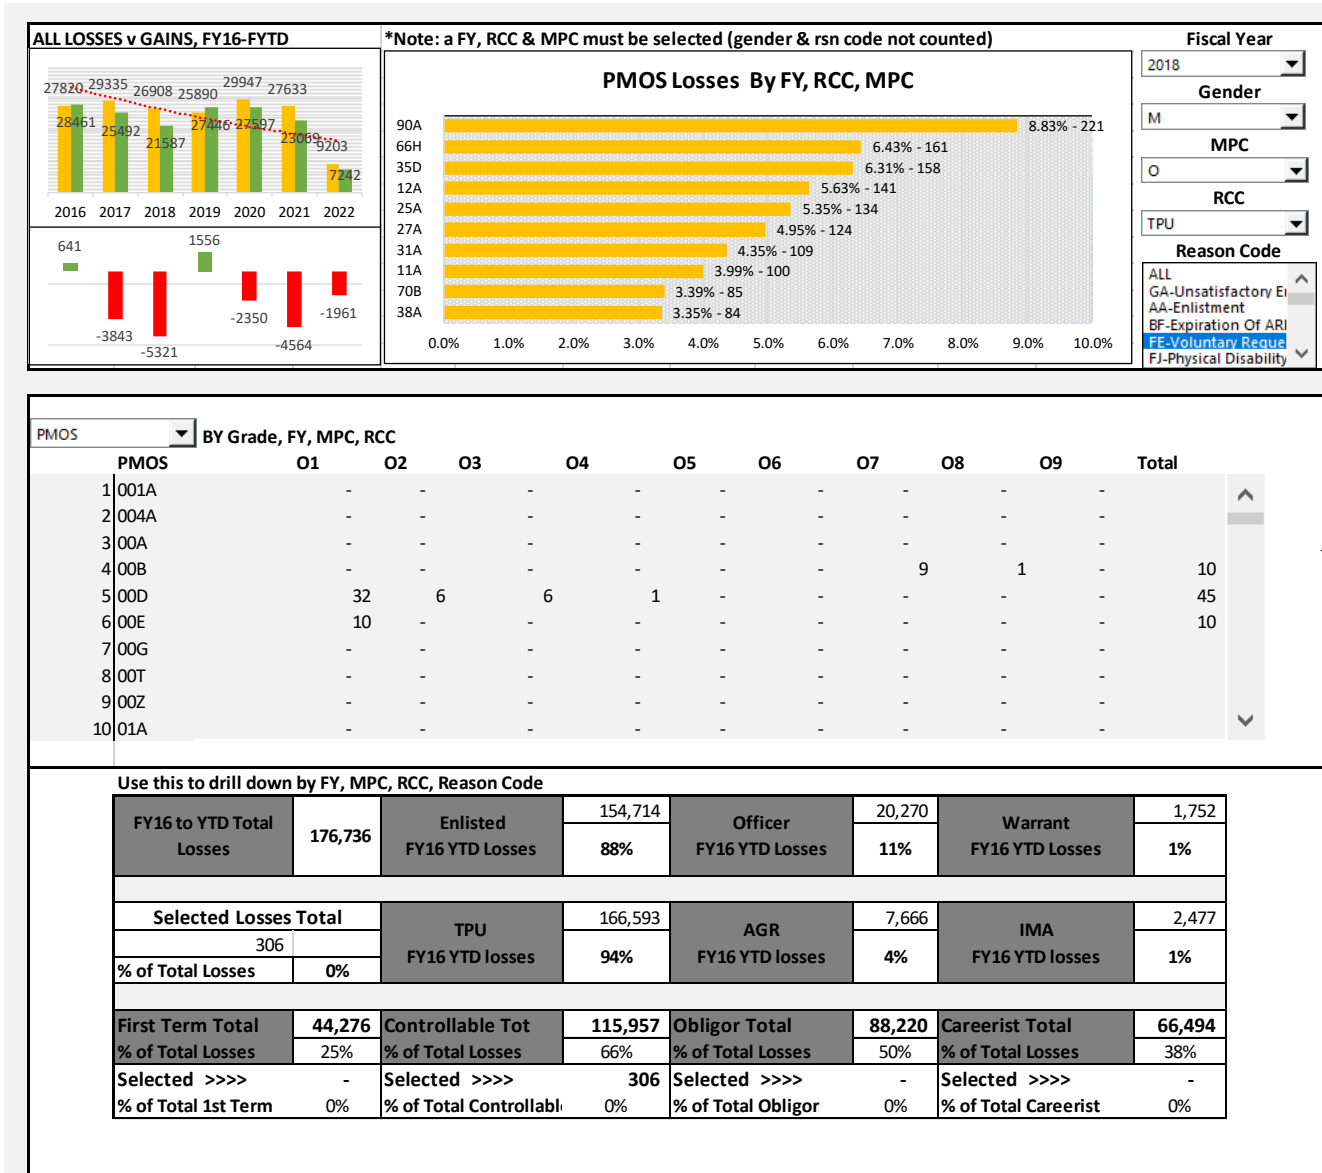

PMOS BY Grade, FY, MPC, RCC

| PMOS | E1 | E2 | E3 | E4 | E5 | E6 | E7 | E8 | E9 | Total |
|--------|----|----|----|----|----|----|----|----|----|-------|
| 1 001A | - | - | - | - | - | - | - | - | - | - |
| 2 004A | - | - | - | - | - | - | - | - | - | - |
| 3 00A | - | - | - | - | - | - | - | - | - | - |
| 4 00B | - | - | - | - | - | - | - | - | - | - |
| 5 00D | 2 | 3 | 3 | 11 | 20 | 1 | - | - | - | 40 |
| 6 00E | - | - | - | - | - | - | - | - | - | - |
| 7 00G | - | - | - | - | - | - | - | - | - | - |
| 8 00T | - | - | - | - | - | - | - | - | - | - |
| 9 00Z | - | - | - | - | - | - | - | - | 8 | 8 |
| 10 01A | - | - | - | - | - | - | - | - | - | - |

Use this to drill down by FY, MPC, RCC, Reason Code
